

Trustees wanted

Mind in Harrogate District is a well established mental health charity with a vision that all people living in our district have the best mental health possible and play their full part in society.

We are passionate about mental health and are looking for new Trustees to join our existing small Trustee Board who have a wide range of skills and experience.

If you are seeking a new opportunity and want to give something back to the local community then we would love to hear from you.

The expected time commitment is six Trustee meetings per year (meetings are usually held in Harrogate on Mondays between 4 - 6), one full day strategy day and some adhoc committee work

As part of this recruitment drive we are looking to diversify our Trustee Board and are particularly interested in people who can help us to:

- Develop our equality and inclusion agenda
- Develop services to support Children and Young People's mental health
- Provide strategic input into fundraising and marketing

All Trustee roles are voluntary.

Applying for the Trustee role

Mind in Harrogate District has a standard recruitment process for prospective Trustees which will apply to all individuals interested in applying.

We encourage applications from under-represented groups e.g. women, under 25s, people with physical disabilities and people from BAME backgrounds.

For more information please contact the Chief Executive Officer: tina@mindinharrogate.org.uk

Application deadline: Friday 9 September 2022
